ABOUT ONE OF ONE

Our company was established in 2008, and over the years, our successes and projects have continued both within and outside the UAE. One of One Aluminum establishment has specialized in aluminum and glazed structures, architectural metal works, stainless steel, and composite metal works. Services offered include conceptual designing, feasibility study, estimation, fabrication and installation.

We have many local projects, including police stations in Abu Dhabi, buildings and a hotel on Sheikh Zayed Road in Dubai, buildings in Sharjah, and several villas. Additionally, we have projects in Oman and outside the Gulf, where we have completed projects in Nigeria, Djibouti, and South Africa.

We have a highly skilled engineering team, modern high-quality machinery, a specialized accounting office, as well as several supervisors, foremen, workers, and private vehicles.

One of One Aluminum standards for quality, by regular in-progress inspections at the various levels of manufacturing, the company ensures that all the parameters at all levels are always set to prescribed international standards. One of One Aluminum company having office in Dubai-UAE.

Qualified engineers, skilled designers, experienced fabricators and installers familiar with state-of-the-art technology are part of the One of One Aluminum team. Our company uses the latest computer-aided technology in design and production systems for the cost-effective solutions, with the highest quality specifications.

Our Group Companies

Al Yaman Land Company is distinguished by its ability to manage complex projects with high precision and professionalism, leveraging ONE OF ONE's expertise in planning and execution, and Al-Rasheed's quality products in aluminum, glass, and metal work

Established in 2008, "ONE OF ONE" Project Management is committed to delivering the highest quality standards in the fabrication and installation of aluminum, glass, and metal works across the United Arab Emirates, specializing in the execution of residential and commercial projects with precision and high professionalism.

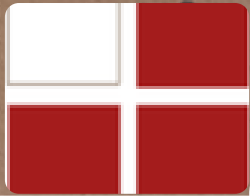

Al-Rasheed Aluminum, Glass and Metal Works Company is one of the leading companies in the field of manufacturing, supplying, and installing aluminum, glass, and metal works in the Middle East. Founded in 2005 with an ambitious vision for excellence and quality.

We Work With

JPO – Aluminum

With over 20 years of experience, JPO – Aluminum Frame Systems is a specialized company in the manufacturing and installation of aluminum frames for doors and windows. Based in the Algarve region of Portugal, the company has partners across Europe, Africa, and the Middle East.

Imagery Doors & Windows, operated by Shandong Imagery Aluminum Technology Co., Ltd. is a specialized manufacturer of aluminum doors, windows, and architectural aluminum systems based in Shandong, China.

With more than 10 years of experience, the company provides a wide range of solutions, including aluminum doors and windows, sliding and folding systems, thermal-break systems, curtain walls, glass partitions, railings, louvers, and customized architectural solutions.

Imagery serves international markets and offers customized products according to project requirements, including aluminum profiles, glass specifications, colors, hardware, and dimensions. The company has experience supplying solutions for residential, commercial, hotel, and large-scale architectural projects, including projects in the Middle East.

COMPANY VISION

Our mission centers on delivering high-quality project management services, backed by professional teams and efficient processes. We aim to provide reliable solutions while maintaining transparency and accountability throughout the project execution stages.

Deliver Quality Workmanship

Maintaining high construction standards to ensure durability and safety of all projects.

Maintain Professional Integrity

Upholding transparency, accountability, and ethical practices in all activities.

Ensure Client Satisfaction

Understanding project goals and delivering results that meet expectations

Build Long-Term Partnerships

Developing lasting relationships through reliable service performance.

Services ..

- Curtain Wall Systems
- Structural Glass Facades
- Architectural Panel Cladding

- Aluminum Doors & Windows
- Shopfronts
- Space Frame Structures
- Thermal and acoustic insulation systems

- Stainless Steel & Decorative Metal Works
- Cast Aluminum Railings & Gates
- Kitchen Cabinets with HPL / MDF Melamine Panels

- Automatic Doors & Windows
- Rolling Shutters
- Maintenance Services
- Fabrication & Installation

- Glass Roofs & Canopies
- Handrails & Boundary Walls
- Aluminum & Glass Partitions

Project Planning & Scheduling

Detailed planning processes that define timelines, allocate resources, and anticipate potential challenges to maintain smooth project execution.

OUR EXPERTISE

We offer a comprehensive range of high-quality aluminum and glass installation services to support projects across various sectors.

Structural Construction

Specialized in glass and aluminum installation, combining precision, durability, and quality craftsmanship.

ONE OF ONE

OUR EXPERTISE

Our project management process is designed to achieve efficiency and transparency while ensuring predictable results; every stage is carefully planned and executed, maintaining clear communication among all stakeholders.

1

Consultation & Requirements Analysis

Understand project goals, technical requirements, budget constraints, and timelines in order to develop a clear project strategy.

2

Design Coordination

Collaborating with architects and engineers to finalize drawings, specifications, and construction planning details.

3

Site preparation

Procurement planning, scheduling, and site readiness to ensure construction activities start efficiently.

4

Execution of works

Managing workforce, materials, and timelines while maintaining safety and quality throughout the build.

5

Inspection & Handover

Final checks, quality verification, and project delivery with complete documentation and client approval.
